DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

With respect to the independent claims, the prior art does not fairly teach or disclose a wireless microphone transmission apparatus including voice, data, a tone generator, a mixing unit, a modulating unit, a carrier signal, a transmitting unit and a wireless microphone as described and claimed along with the other claimed limitations.

It appears that the closest prior art is U.S. Patent Application No. 2004/0007120 (Futamase et al.), U.S. Patent Application No. 2003/0061047 (Yoshioka et al.) and U.S. Patent No. 6,671, 503 (Niwamoto). However, no proper motivation could be found to combine the references and it is believed that even if one could find motivation to combine the references, it still would not produce the apparatus as claimed in the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bill Deane whose telephone number is (703) 272-7484. In addition, facsimile transmissions should be directed to Bill Deane at facsimile number (703) 273-8300.
